

# FSSAI REGISTRATION CHECKLIST

## FSSAI REGISTRATION

FSSAI is a government body responsible for protecting and promoting public health. It was established under the Ministry of Health & Family Welfare and looks into the regulation and supervision of food safety.

Under FSSAI, a business owner has to apply either for FSSAI Registration or FSSAI Licence. The applicability of FSSAI registration or license depends on the annual turnover of one's business and other factors like: Whether the business is located in more than one state, what is its quantity of production, its nature, etc.

For businesses, like import export and online selling of goods on e-commerce websites, it is mandatory to apply for FSSAI License, even if its turnover is within the prescribed limit prescribed for FSSAI Registration.
